### HOKE GYROLOK

#### Twin ferrule compression fittings

Hoke Gyrolok tube fittings have been carefully designed and manufactured to provide a wide range of outstanding leak-tight application capabilities.

Hoke Gyrolok fittings are available as standard in brass, 316 Stainless steel and Monel. Also available for custom orders in special shapes and materials: Hastelloy™ C, HC-Duplex 2205, DO3-Inconel™, INC- Super Duplex 2507, D50-Titanium, Ti-254 SMO, 6MO.

From sizes 1/16" to 2" OD. Consult your local Prochem office for full catalogue details.

*Inconel, Incolloy, Hastelloy and Monel are registered tradenames.*
