PIPING PRODUCTS
SWAGE NIPPLES
Prochem manufactures, stocks and supplies a range of plain, bevelled and threaded concentric and eccentric swage nipples, from 8 (1/4") NB to 100 (4") NB, with other sizes available on request. All swage nipples are either manufactured from seamless pipe or bar material and have an available working pressure equivalent to straight seamless pipe.

These fittings are available in ASTM A403 WP316/316L with other materials available on request.
